

# SURPRISING

## TEAK CHAIR

DESIGN BY HARALD GUGGENBICHLER

### ITEM 1240

Surprising Teak is a cousin of the Surprising chair – the steel version that made its debut in 2011. This new piece embodies Fermob's propensity for working with different materials and its ambition to bring magic into people's gardens. Surprising Teak is a triumphant combination of materials. But it's much more than that. The chair is the outcome of extensive design and production work in partnership with Vlaemynck – a long-standing expert in teak. The result is a joy to behold – a bold alliance between sturdy metal and velvety-smooth teak that exudes warmth.

## TESTING STANDARDS - Upon request

NF EN 581-1 (all products), NF EN 581-2 (seats)

## WARRANTY

	IN ALUMINUM	IN STEEL
STRUCTURAL	3 YEARS	2 YEARS
FINISH	2 YEARS	1 YEAR

## TECHNICAL FEATURE - STRUCTURE

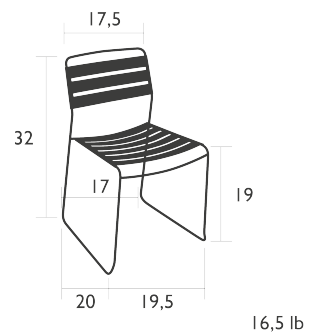

Steel rod frame

Teak slats (natural, non-oiled, grade C) seat

Teak slats (natural, non-oiled, grade C) backrest

Stacking capacity : x 7 (Height - stacked : 40 in.)

## FURTHER INFORMATION

Bespoke project : Ground attachment, Cable attachment, Special RAL

Spare parts : Fermob metal label, Pads
